MADE IN ITALY

Description ▾

- Sturdy cast steel construction warrants precision, smooth running and durability
- Smooth-running and precise sliding table made of anodized aluminum with proven and permanently smooth-running ball contact system on hardened guides - 10-year warranty on wear of carbide guide ways
- Cast iron saw table
- Large support surfaces due to standard table extension and widening
- Folding rip fence manually adjustable with fine adjustment
- Angle-adjustable crosscut fence, extendable up to 3200 mm, with two folding stops
- Extension arm with material roller
- Xenia 40 M A: Round steel guide with diameter Ø 50 mm
- Lateral swing-away saw blade guard with integrated exhaust port
- M version with 3 saw blade speeds as standard
- Scoring unit with separate scoring motor
- XENIA 40: numerical display for saw blade tilting on the front of the machine

Significant Features ▼

Media informations ▼

Sawing unit with swivel segment guide

- Sawing unit made of a single cast iron block with the structure of a closed ring for the highest torsional rigidity
- Vertical movement of the aggregate positively guided by two ground shafts
- Adjustment permanently smooth and vibration-free with maximum precision
- Six-year HOLZKRAFT warranty on wear of the swivel segments of the saw unit

Sliding carriage with ball contact system

- Equipped with thousandfold proven ball contact system
- Permanently smooth running
- Insensitive to dust and dirt due to minimal contact point between ball and trapezoidal guide rail
- 10 years Holzkraft warranty on wear of the HM guideways

Swivel segment

- Durable precision due to double swivel segment guide
- Six-year Holzkraft warranty on wear of the swivel segments
